The 2007 PINTAS, the flagship wine here, is always interesting. It is never the thickest or biggest, but its combination of flavor, balance and grace usually makes it one of the most pleasing to drink. This year's version has all the typical markers, the lovely balance, intense flavor and elegance, but it has some power, too. It was a bit closed when tasted, but I think it will grow into this score. My biggest concern was the obvious oak early on. Typically, it integrates well, but it needs to do so. Drink now-2022.

Muitas notas minerais no aroma, junto com fruto bem maduro, leves sugestões florais, num perfil muito personalizado, bastante diferente do habitual na região. Bom corpo, fruto elegante cheio de cremosidade e envolvimento, com taninos muito finos que se prolongam no final.

Wine and Soul, Pintas 2007 Douro

Dense, powerful purple fruit flavours. Much purer and fresher than the 2006 - though with lots of fine tannin too. Drink 2012-20
